Dr. Max Millikan
Central Intelligence Agency
Washington, D. C.

Dear Dr. Millikan:

Fisher Howe has suggested that I get in touch with you when I come to Washington to obtain materials for some work I am doing on value criteria in the selection of point IV projects. I plan to be in Washington May 21 through 23 and will give you a ring when I arrive.

Cordially yours,

Yale Brozen
Yale Brozen
Professor of Economics

YB:EB

P.S. I am enclosing a paper on "Technological Change in Underdeveloped Areas" which has a short value section in it.
